## **Director's Note**

Dear Dance Families,

Each year I say that it is my favorite dance year and each year that statement holds true. As our studio grows and changes so does our dancers. My pride and joy of this studio is watching my dancers grow and change. With each senior class that I have taught longer year after year, comes a new class of preschoolers that I will know for the rest of their lives.

Wanda Kay's quickly becomes home for our dancers. They make lifelong freindships and relationships within our studio walls that cannot be duplicated. With that comes the ability for dancers to feel safe. I am so blessed that my dancers feel they have an open space to vocalize their feelings, comforts, and insecurities Our dancers are able to weigh in on their thoughts on costumes and music. Sometimes dancers get to weigh in on much more, such as this season. One of our seniors has asked for a Vegas recital for three years and this year she got just that (along with a personaized playlist she made me).

I wanted to showcase what Las Vegas means to so many. For my dancers, Vegas is not the place but the representatiion that as a dance teacher I am listening and valuing their thoughts and opinions. For most, Vegas is a dream, a "bucket list", we spend our whole live trying to make it to this grand place, full of talent and luck! For performers, Vegas is the ultimate prize, performing on the Vegas stage means nothing less of making it. People will spend their lives trying to make it to Vegas to live their dreams, however within our little studio, our dancers drreams are always made a reality.

From the tiny pitter patters of our tiniest dancers, to the taps of our most advanced dancers, each dancer has a place. A place to grow, a place to love, a place to feel safe, and an extra place to call home.

Dancers and dance families, thank you for choosing Wanda Kay's as your dance home this season. I truly could not thank you more for sharing your dancers with us every week. Watching them grow is truly the best part of my job. I hope your dancers know the love they have within the classroom and on the stage. I hope they always remember to dream and to chase those dreams, that they are valued, and that they love to dance.

*Mrs. Baylee*
